MEMORANDUM FOR THE RECORD

SUBJECT: Declassification of Documents Pertaining to 1 March  
Hearing on Establishment of a CIA Statutory Inspector  
General (S. 1818)

With respect to the above-captioned hearing, the Senate Select Committee on Intelligence decided that it would be open, not closed. Thus, the Director's opening statement and questions and answers would be required to be unclassified. After discussing the problems with respect to the presentation of substantive information on the Inspector General in an open forum, [ ] and I determined that I would draft these items with regard to the information contained within, and without undue concern about the classification. After I did so, [ ] opined that all information in both the opening statement and the questions and answers could be presented in an open hearing. Therefore, these two documents were not classified.
